

Dear Ursuline Educators and Friends,

Ursuline Educational Services is a collaborative effort of Ursuline congregations and educational institutions to carry our traditions of educational excellence into this millennium. In the spirit of Saint Angela Merici, **UES** promotes the preservation and development of the Ursuline Charism and mission in Ursuline-sponsored schools and ministries. As faculty, staff, and friends, you have been given the privilege and responsibility of continuing this legacy and modeling Ursuline core values to students, their families, and our special friends.

Ursuline Educational Services has traditionally been supported by donations from Ursuline congregations, the per pupil assessment from Ursuline sponsored schools, and the contributions of affiliated schools. A number of individual women and men have also supported this organization on a yearly basis because of their association with an Ursuline school or congregation and because they value the international networking and support possible for our educational institutions through this organization.

As a member/friend of an Ursuline Educational institution, we would like to offer you the opportunity to be an individual sponsor of **Ursuline Educational Services** this year through an individual membership donation of \$25.

Membership includes:

- *Updates on programs, resources and happenings at Ursuline schools through the quarterly newsletter *Laurel Links*
- *Support of the yearly Student Leadership conference for Ursuline secondary school students, providing a broadening experience for current students to understand the expanse of the Ursuline heritage around the country and the world
- *Support of the Student Recognition Program, honoring the service accomplishments of students in the Spirit of St. Angela
- *Support of the **Ursuline Educational Services** Website (www.ursuline-education.com), that links schools as well as provides information and ideas
- *Support of the Ursuline Education Conference held every other year for educators in Ursuline schools, providing an opportunity for sharing information, ideas and inspiration for the future
- *Support of the Angela Foundation for Ursuline Education as a partner with **UES**, providing grant possibilities for educators and student leaders through an application process
- *Networking and consultation services

United in St. Angela's peace,

Patricia Homan, OSU & Pat Meisner, OSU, Co-Directors of UES

*I would like to be an individual sponsoring member of **Ursuline Educational Services.***

*My donation of _____ is enclosed. (Checks payable to **UES**, please.)*
